

# Pencil 9

[www.pencil9.com](http://www.pencil9.com)

Pencil 9 is a software development and solutions consulting company headquartered in Denver, Colorado, USA. Our primary focus is increasing efficiency and quality through implementation of best practices, applying proven work processes and optimizing application configurations. Our specialties are System Integration, Information Management and Building Information Modeling (BIM). Our customers are organizations in the Architecture, Engineering and Construction (AEC) industry.

## Services and Solutions

### Software development

Pencil 9 software solutions, bespoke solutions, Autodesk plug-ins, ProjectWise plug-ins and PowerShell scripts.

### Remote and global worksharing

Workflows, configuration and automations to facilitate global workshare.

### Standards management

Configuring, managing, and deploying standards in support of globally dispersed project teams.

### BIM execution planning

Planning and executing 3D/4D delivery, Virtual Design and Construction (VDC) and asset lifecycle information management (ALIM) for facility management and operation.

### Autodesk solutions

User profile optimization, integration (e.g. Civil 3D/Revit and ProjectWise), BIM 360 Docs.

### Bentley solutions

V8i to CONNECT migration, Workspace configurations.

### CADWorx Plant Professional solutions

Optimize application configurations and environment settings for dispersed project teams.

### ProjectWise solutions

Infrastructure, tuning and automation, managed environments, application integration, administrator configuration, 365 services.

## About the Founders

### Tim - Denver, USA

Tim is an expert in developing and implementing Autodesk and Bentley solutions. In his spare time he can be found playing guitar and loves spending time with his wife and 2 sons.

### Michael - Atlanta, USA

Michael is an expert in platform technologies and infrastructure solutions. He likes getting out on the lake and loves spending time with his wife, sons, and grandson.

### Hinesh - London, UK

Hinesh is an expert in BIM solutions and digital delivery. He loves to spend time with his young growing family and is often found in the kitchen baking or creating a new meal.

## How we work

Schedule a **free consultation** so we can listen and understand the issues you face. Pencil 9 will collaborate with you and develop an action plan to help improve how you can leverage technology, implement change, and quickly realize productivity gains. We aim to be a long-term partner with your organization.

Depending on the type of project and the interest of your organization, Pencil 9 can provide lump-sum quotes or daily/hourly rates.
